IPv4 Addresses			
CIDR	Address Allocated	MRC	Price/IP
/ 29	8	\$28.00	\$3.50
/ 28	16	\$48.00	\$3.00
/ 27	32	\$80.00	\$2.50
/ 26	64	\$128.00	\$2.00
/ 25	128	\$192.00	\$1.50
/ 24	256	\$256.00	\$1.00

- All ports require minimum commit level
- Please contact you member services representative for new or changes to existing services
- IPv4 address based on availability
- \* = Setup charges may apply

**CEN Internet Service Included Features:**

- 1 Gbps, 10 Gbps, and 100 Gbps fiber optic Ethernet handoff options
- Advance Threat Management / DDoS (distributed denial of service) Mitigation
- Symmetrical up/download speed, on-demand burst ability up to the full handoff speed
- 24x7x365 Network Operations Center (NOC) monitoring and dedicated support team
- /29 Static IPv4 and /48 IPv6 Publicly Routable IP Addresses (additional available, fee based)
- BGP Routing (optional) for multi-homing multiple ISP networks
- Name Server (DNS) Hosting (IPv4 and IPv6; CEN Manages the k12.ct.us name space)
- CIPA compliant Web Filtering (K-12 and Libraries Only, opt out, iBoss)
- Direct Access to Cisco Telepresence Video Bridge
- Advanced Layer 2/3 Private Ethernet Circuits (to stitch disparate locations together)
- Access to Internet2, and multiple commodity backbone Internet providers
